## **FRAUD warnings**

At this time of the year, it is important that you look after your property and the items inside it. Thieves will assume that you have lots of new items and this is what they'll be targeting.

Here are some useful tips:

- Make sure your home looks occupied even when it's not. This can be done with timers for your lights - if they plug into a socket - or by using an Alexa or Google Home.
- Lighting - the outside area around your home can provide all sorts of nooks and crannies for would-be criminals to skulk in. You might have a high wall or hedge that provides cover during the hours of darkness. Providing light in these areas will reduce the opportunity for would be burglars to conceal themselves.
- Expecting a delivery - an outdoor security camera or video doorbell is a great deterrence. If you know you're not going to be home for some deliveries, you could divert them to a trusted neighbour - ask first! - or a family member who will be home when you're not.
- Lock up - It may sound simple, but taking the time to do a quick double-check of your doors and windows could make all the difference. Forgetting to lock up or leaving a window ajar - even if you're just nipping to the shops – provides the opportunity burglars may be looking for.
- Letterbox fishing - you should keep keys out of reach. If you have glass doors, make sure that would-be thieves can't see where you are keeping your keys.
- Be careful what you post on social media. Sharing holiday countdowns or updates while you're away is an open invitation for burglars to head into your home with the knowledge that they won't be disturbed.
- Never keep large amounts of cash at home. It can be tempting to keep cash around, especially if giving cash gifts to relatives and grandchildren. Consider fitting a safe at home.
- Dispose of present packaging carefully, empty boxes left outside can advertise that you have new and desirable goods inside your home.
- Going away? if you have friends or family close by or trusted neighbours, you could ask them if they wouldn't mind keeping an eye on your home for you. This could mean putting out the bins, taking in packages or turning lights on and off to give the illusion that someone is home. Or, if there is a Neighbourhood Watch scheme in your area, you might consider getting involved to gain and provide support this festive season.
- Heading out for a day of Christmas shopping or doing the school run? Don't forget to set your home security system. Even if you're only going to be out for a short time, it could only take minutes for someone to gain entry to your home and make off with your valuables.

## FRAUD warnings

This December, we're working hard to keep delivery drivers and couriers safe from theft and robbery. The operation started on **Wednesday 1st December** and ran throughout December.

### **Drivers – you can help by following these simple steps:**

- Check your vehicle is in good working order
- Keep your phone fully charged
- Always lock your vehicle – thieves only need seconds!
- If you feel threatened, activate your panic alarm
- Avoid dark areas & carry a torch
- Stay alert – if something feels wrong, don't deliver, call your employer
- Extra security: consider stoplocks, slam locks, trackers & key-blocking pouches
- Darken windows so valuables aren't visible
- Agree a delivery plan & check in regularly
- Add a 'Police follow this van' sticker for quick ID

### **If you spot a suspicious vehicle following you:**

- Stay in your vehicle
- Keep doors locked
- Keep moving & call police immediately

Cheshire Police will also be giving extra attention to courier premises and sharing crime prevention tips across social media. Let's work together to keep everyone safe this festive season!

## **SAFETY ADVISE**

We all know or have heard about someone who's bought clothes, tech or even a car on the internet ... only for it to never arrive. Sometimes it's because of an admin error, but more often than not, they've been manipulated by a fraudster. Maybe it's even happened to you. Buying online is convenient and often cheaper — but it's also one of the biggest hunting grounds for fraudsters.

Secondly, if you, or someone you know, are seeking a seasonal job this Christmas, try our new Job Seekers Tool Page - featuring seven free-to-use tools to check if the job you are looking at is a genuine opportunity or a scam. With a massive increase in employment scams, coupled with pre-festive season demands for extra staff in certain sectors, this new page will help stop you becoming a victim in this way if you are looking work.
